GENESIS™

DUAL CABLE CROSS

MODEL # G624

CABLE STRENGTH GENESIS™

The Dual Cable Cross should be first on every facility's must-have equipment list. With two weight stacks and two independently rotating arms – each offering more than 100 unique positions to accommodate virtually any movement pattern – the movement patterns are endless. Push, pull, twist, bend, squat, and lunge your way to health – all with one piece of equipment. The user-defined movement path accommodates every fitness level, every size, every limitation, and every goal – while easy adjustments make transitions quick and seamless. The open design makes it wheelchair accessible and an essential piece of equipment for physical therapists and rehab facilities. A Personal Trainer's dream machine, the Dual Cable Cross allows clients to progress from simple to complex exercises with ease. The two weight stacks also allow for dual users, making it ideal for two-on-one training sessions!

GENESIS™ DUAL CABLE CROSS

PRODUCT FEATURES

ENDLESS POSSIBILITIES

Each independently rotating arm has more than 100 unique positions to accommodate virtually any movement pattern. Each arm is also counterbalanced for quick and easy positioning.

MOVE HOW YOU WANT TO

Extended cables allow for full exercise extension and a wide range of travel while providing a smooth resistance. Each Cable is 97 in / 246 cm.

ENCLOSED DUAL WEIGHT STACKS

Enclosed weight stacks (240 lbs / 108.8 kg each) limit access to moving parts for safety. Dual independent stacks allow two users to workout simultaneously.

KICK PLATES

Large, 16-gauge, powder coated steel kick plates protect the machine from wear and tear.

SWIVEL PULLEYS

The pulley design creates fluid cable travel and nearly unlimited range of motion.

PERSONALIZE YOUR WORKOUT

Unilateral arms move independently to create single or dual-arm exercises that build strength with balance and symmetry.

INDUSTRIAL CONSTRUCTION

Built with 11 and 7-gauge steel and electrostatically powder-coated, this machine is built to last.

WHEELCHAIR ACCESSIBLE

An open design makes this piece wheelchair accessible and welcoming to users of all fitness levels.

SPECIFICATIONS

Dual Weight Stacks	Each Stack: 240 lbs / 108.8 kg
Effective Resistance	3:1 cable ratio with 3.3 lbs / 1.4 kg per plate, 80 lbs / 36 kg per stack
Cable Travel	Each Side: 97 in / 246.3 cm
